We are no longer producing for pesticide use products based on THPS. We have cancelled registration numbers for such products as of January 14.

Kendall,

Thanks for sending me the link. As we are preparing to send cancellation notice to EPA for those Registered products that are no longer selling for pesticides Use, is there a standard form to use? Or I could just send a cancellation notice in our own format. Also, can I submit this letter via email or what option is preferred by EPA.

Regards,

Nick
